

Calvary Fellowship The 3 Rings of Discipleship

At Calvary Fellowship we believe in partnering with God's people to move them into a thriving personal relationship with Jesus Christ and other believers.

We propose to do this by following the Biblical Model of a balance of instruction in the following Environments; Public Teaching, Fellowship Group and Deeply Committed Discipleship Training.

The 3 Ring discipleship model encourages all willing congregants into progressively smaller and more committed training / fellowship environments.

Ring 1: Sunday Service is an introductory setting that plants seeds of faith through: expository teaching of God's Word, facilitating corporate worship, promoting relationship with the Lord Jesus and other believers while offering opportunities to serve others.

Ring 2: Fellowship Group is an atmosphere that promotes close personal relationships with Jesus Christ and other believers so they can grow through Biblical study with a focus on applying God's Word with truth and love.

Ring 3: Discipleship Training is a safe environment where the committed follower of Christ is trained in biblical doctrinal study, with life on life intimacy for the development of their spiritual gifts for the purpose of equipping them to be reproducing disciples of Christ.
